VOLUME XXXIX. NUMBER 52.

IRONTON, MISSOURI.

THURSDAY, JUNE 14, 1906.

Announcements.

We are authorized to announce W. G. FAIRCHILD as a candidate for Justice of the Peace of Arcadia Township, subject to the will of the voters at the November election.

We are authorized to announce ROBERT A. RASCHKE as a candidate for Justice of the Peace of Arcadia Township, subject to the will of the voters at the November election.

LOCAL BREVITIES.

Cool and dry. We need more rain.

Very cool the past few days, for June.

The Fourth of July in three weeks.

When will the railroad build our depot?

The raspberry in a couple of weeks now.

Teachers' examination the last of the month.

A wreck south delayed No. 24 six hours Tuesday.

Is the screen factory dead beyond resurrection?

Some peaches this year. The apple yield will be poor.

When it comes to printing, the REGISTER does the best.

The strawberries are about gone. The season has been long.

The REGISTER this week completes its thirty-ninth year.

Business dull and everything extremely quiet these days.

Shannon and Pemiscot counties vote on local option this week.

There have been a number of wrecks on the road the past week.

Two Justices of the Peace are to be elected in this township this fall.

Excursion from St. Louis next Sunday. Fare for the round trip, \$1.25.

Timber Men Wanted—Read advertisement in another column of this paper.

The wheat harvesting has commenced in Iron county. The yield is pretty fair.

Commencement exercises at the Ursuline Academy, Arcadia, next Tuesday afternoon.

Poplar Bluff has a speed limit of five miles an hour on automobiles within the city limits.

Contractor Chas. J. Tual has just completed a fine residence for some party in Potosi.

A large crowd of St. Louis visitors are expected in the Valley on the excursion Sunday.

W. P. Wemp is now in Eureka Springs, Arkansas, and may make his home there in future.

The Bloomer girls go from here to Farmington, Fredericktown and down the Belmont branch.

Children's Day Exercises will take place at the Baptist church on Sunday evening, June 24th.

The foundation for the Lopez store has been completed and the brick laying will begin at once.

The Recorder Monday issued a marriage license to M. F. Rainwater and Susie Stricklin of Imboden.

Several car loads of hay were imported into town last week. This is unusual for this season of the year.

The Farmington papers speak in very complimentary terms of some ball playing Harry Patton recently done in that town.

The railroad company is going to spend about \$1200 repairing the old depot at Fredericktown, instead of building a new one.

Found—A pair of men's shoes—new. Owner can have same by proving property and paying for this advertisement. Inquire at this office.

Business in town will be practically suspended this afternoon in order that everybody may have an opportunity to see the Bloomer Girls play ball.

It is announced that Rev. Geo. Steel has resigned his pastorate of the Ironton Baptist church, and will probably remove from here in the near future.

Nearly all the newspapers in Southeast Missouri are making favorable mention of the proposed Arcadia Assembly. Mr. Love seems to be a pusher.

The residence of a man by the name of Schauwacker, occupying the Medley home in Arcadia, was burglarized Sunday night of \$10. No clue to the guilty party.

The Poplar Bluff Citizen says there is talk of building a big blast furnace in that town to smelt the iron ore being mined in several places in Southeast Missouri.

A wreck at Tiff, a new station about thirty-five miles up the road, prevented us getting our mail Monday morning until almost noon. It was a freight wreck.

Mr. G. W. Register, who has been at work the past two years making an abstract of title to Iron county lands for W. R. Edgar & Co., will probably complete his job this month.

Our old friend, Henry L. Simmerman, writes us a line from Columbus, Ohio, where he is spending the summer with his sister.

Arthur Huff recently sold the ground, east of the railroad, that he purchased from the Big Muddy Coal and Iron Company to Baldwin Bros.

Lee Barger, who had been in Little Rock several days the past week attending court as a witness for the Cotton Belt railroad, sends us a view of the new State building there.

The band boys made some music in front of the Commercial Hotel Saturday night. In view of the fact that the boys had not been together for several months their music was very good.

Classes three and four and their teachers, of the Presbyterian Sunday school, will serve home-made ice cream on the church lawn, Thursday, June 14th, afternoon and evening. All are invited.

W. P. Patterson recently sold his farm west of Pilot Knob to a couple of Hungarians. Mr. Patterson has purchased his father's farm on Marble Creek and will make his home there in future.

W. H. Delano informs us that he last week sold 120 acres of land in Iowa, belonging to the estate of his father. The land was entered by Delano pere fifty years ago. The land brought \$65 an acre.

There was another killing over in the Lead Belt Monday at Leadwood. A barber ordered a drunken man out of his shop and the fellow went home, got his gun, returned and killed the barber.

Mrs. T. P. Fitz of Des Arc, who has been the guest of her niece, Mrs. A. Blanton, went to Farmington Wednesday to visit her daughter, Mrs. G. W. Morris, for a few days before returning home.—De Soto Press.

We understand that our young friend, Chas. L. Fox, will be made manager of the Newport Compress Company at Newport, Arkansas, September 1st. This is a responsible position and we are glad to know that Charlie has secured it.

The twenty-ninth annual commencement of the Ursuline Academy will be held Tuesday afternoon, June 19th, at two o'clock. Friends of the institution are cordially invited to be present. Visitors are requested to leave small children at home.

The men who were charged with stealing a couple of big logs in Reynolds county, hauling them over here and selling them to one of the granite companies for derelict purposes, were found guilty in the circuit court in Reynolds county last week and fined \$1 and costs each.

We understand that School Director John Schwab was very much opposed to the increase in pay of the three assistant teachers in the Ironton schools, and thinks that the people should have been heard on the matter before the board, of its own motion, enlarged the salaries.

Mrs. Wm. Christ has purchased the Barnhouse property on Main street, where she is at present conducting her bakery. The price paid was \$1200. Mrs. Christ intends running an up-to-date bakery and confectionery in every respect, and respectfully solicits the patronage of the public.

The many friends of W. T. O'Neal & Son sympathize with them in the loss of their store in St. Francois county by fire, Tuesday night of last week. Their loss was possibly \$5,000, with an insurance of \$2,000. With characteristic energy, however, they will commence work on a new store this week.

The work of taking out iron ore from the Detmer Hollow began this week and is being carried on energetically. Probably several car loads a week will be shipped from Piedmont. We are informed that a fine grade of ore is being mined. Hartup Bros. have the contract for getting out the ore.—Piedmont Banner.

The Piedmont school board last Wednesday night elected Prof. M. W. Daugherty of this place as principal of their public schools. The people of Piedmont are to be congratulated on securing the services of an honorable gentleman and as competent an instructor and disciplinarian as there is in Southeast Missouri.

Nos. 9 and 10, the Memphis passenger trains, had a head-on collision a couple of miles north of Poplar Bluff last Friday morning about two o'clock. The fireman on the north-bound train, whose name was Richards, was killed, and over twenty people were injured. The collision was occasioned by the south-bound train running past the meeting point.

A bank, to be known as the State Bank of Belgrade, has been organized at Belgrade, this county, with a capital stock, we learn, of \$10,000. Wm. C. Crommer is president of the institution, and Geo. C. Loomis, cashier. The bank will open for business as soon as the necessary equipment has been installed.—Potosi Journal.

For three as fine bass as ever we saw were indebted to Messrs. S. W. Andrews, A. J. Langdon and L. G. Whitworth, Jr., presented last Sunday morning. They were caught in Dunklin county the day before and brought to the Valley that night by Messrs. Andrews and Whitworth, who spent the week fishing down there as the guest of Mr. Langdon. They were certainly magnificent fish and we relished them hugely. The boys speak in highest terms of the people of Dunklin county, and say that their hospitality is certainly unbounded.

The case against Arthur Spough in the Reynolds circuit court was Monday passed until July 23d. The defense got a continuance because of the absence of a witness by the name of Schirer, a traveling man they claim was present at the depot the day Sheriff Polk was killed. The case against Mary E. Spough was continued until July 23d.

Miss Jenna E. Logan, the talented daughter of Mr. and Mrs. E. M. Logan, of Bellevue, this county, sends the editor an invitation to attend the Graduating Concert of the Beethoven Conservatory of Music, at the Odeon, St. Louis, on the evening of June 19th. Miss Logan is one of the graduates, completing the course on the violin at this time.

A western man who has had considerable experience in raising potatoes, says that planting two or three flaxseed in each hill will prevent the potato bugs from appearing in the patch. He claims to have tried it several years in succession with always the same result. It may pay our readers to try it. It is certainly easy to try and handy if it does the work.

The Ironton and the Doe Run ball teams played a game here Sunday. At the end of the first half of the eighth inning the visitors pretended to get offended at something or other and quit. At this stage of the game the score stood 8 to 8. Nobody thinks the Doe Run boys were really mad, though. They didn't want to go on with defeat staring them in the face.

Dan Warren of Reynolds county, who was serving a term in the Iron county jail for "pistol toting," made his get-away last Friday evening shortly before dark. Warren was helping some of the other prisoners plant sweet potatoes, and when everybody's back was turned he quietly sneaked away. If Dan will promise never to come back to Iron county he will be freely forgiven.

Among the visitors in Ironton at present is Miss Fannie Markham, who was for thirty years or more a teacher in the primary department of the Ironton schools. Miss Markham has for the past two years been making her home at Pittsburg, Kansas, with her brother, who is truck gardening there. Miss Fannie says that is a great country, but she frequently, very frequently, sighs for the rocks and hills of dear old Arcadia Valley.

Five cars of a north-bound freight train were wrecked just east of the hub factory Thursday afternoon. A truck on one of the cars left the track just north of the bridge and bumped along on the ties until the switch was reached. Then the derailed truck tried to run in on the switch and the rest of the train stuck to the main track. The train was running at a high rate of speed and it is most fortunate that no one was hurt. In consequence the track was blocked for four hours.

Robert A. Rasche announces in this issue of the REGISTER as a candidate for Justice of the Peace of Arcadia Township, subject to the will of the voters at the general election in November next. Mr. Rasche is well and favorably known to the voters whose suffrage he seeks. He is a young man of exemplary habits and his friends are legion. Should he be elected to the office to which he aspires we know full well he will at all times be found endeavoring to discharge his duties to the best of his ability.

When the Spough case was called in court Monday morning the State announced ready for trial. R. A. Frazier, of counsel for the defense, asked for a continuance. He filed an affidavit in support of his plea to the effect that he had been all over St. Louis looking for the missing witness, Schirer; that he could not find him and that the defense could not safely go to trial without him. The case was laid over until next Monday and the court ordered the sheriff to summon 100 men from which to select a jury.—Centerville Reformer.

Dr. J. H. Moffitt of Redford, while here attending court this week, informed us that it was his intention to put in a telephone line from Redford to Annapolis, Iron county, in the near future. The doctor also informed us that he would extend the line from Redford to other sections of our county, provided the citizens along the proposed line would take sufficient interest in the matter to warrant their erection. The doctor is a successful business man and we feel sure he will succeed in the telephone business.—Centerville Outlook.

The county seat removal question has been discussed very little, as far as we know, among people in attendance at circuit court. But if what talk we have heard can be relied upon as an indication as to what the result will be in November, that fellow who is already engaged in burning brick for the erection of a courthouse in Ellington, had better go "way back and sit down" in a shady nook and try to think up some customer who will take his courthouse stock of brick off of his hands in order to save himself from loss—for the people are not going to increase their taxes to buy brick that they do not need.—Reynolds County Outlook.

G. G. Pollard, editor of the Bismarck Gazette, was an Ironton visitor Saturday. Twenty-five years ago this summer Mr. Pollard, who was then located at Charleston, Mo., spent several weeks in the Valley, and this is his first visit since that time. He found many changes and came in contact with but few people that he remembered.

The following, taken from the Chillicothe Democrat, is the truth in a nutshell: "A town that never has anything to do in a public way is on the way to the cemetery. Any citizen who will do nothing for his town is helping to dig the grave. A man that curses the town furnishes the coffin. The man who is so selfish as to have no time to give to city affairs is making the shroud. The man who will not advertise is driving the hearse. The man who is always pulling back from public enterprise throws bouquets on the grave. The man who is so stingy as to be howling hard times preaches the funeral and sings the doxology, and the town lies buried from all sorrow and care."

In granting a continuance to the Spoughs in the circuit court in Reynolds county, Monday, we understand that the court rather scored the attorneys for the defense, telling them he had no confidence as to their good intentions, but believed the application for continuance was made solely for delay. In this application the defense contends that the absent witness, Schirer, will swear that on the day of the murder he saw Sheriff Polk run excitedly toward the Spough residence, and before entering the house drew his gun and fired through the door. A great many people doubt very much whether there is such a man as Schirer, and if there is such a man, and he has any regard for integrity, he will make no such statements at these quoted.

Wednesday morning at 2:30 o'clock fire broke out in Ed. Seamer's building, in Franklany, occupied by Sam Doss' saloon, near O'Neal & Son's store, to which building the flames soon spread and both buildings were completely destroyed by the flames. Mr. W. T. O'Neal, who had arrived the day before from Ironton, was the first to discover the fire. He and his son Godfrey were sleeping in the store. The alarm was given, but it soon became apparent that with the high wind blowing the flames toward the store building, neither building could be saved. Messrs. O'Neal at once began removing their stock of goods. With the assistance of their friends they succeeded in saving about one-fourth of the stock. Their net loss is nearly \$3000. The building and stock were insured for \$2000. The goods that were saved from the fire were taken to a dwelling near by, where they will continue their business until a new store building can be erected on the old stand. It is the intention of O'Neal & Son to erect a two-story building, much larger than the old one. The many friends of this popular firm express sincere regrets at their loss. The entire equipment of the saloon was destroyed, the loss being estimated at \$2000.—Lead Belt Banner.

Mr. M. F. Borroughs, an old and well known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it." For sale by Arcadia Valley Drug Co.

Dr. F. W. Trauernicht returned Friday from Springfield, Mo., where he attended a meeting of the State Dental Association.

June, the Month for Health.

Nature, as if realizing the trying effect the sultry days of July and August have upon humanity, precedes them with the healthiest month of all the year, in which the system may fortify itself against disease. Every family should follow the example set by nature and be prepared for cholera morbus and diarrhoea by procuring a supply of Chamberlain's Colic, Cholera and Diarrhoea Remedy. This medicine has never been known to fail in any case of this kind, and is almost certain to be needed before the summer is over. Buy it now. For sale by Arcadia Valley Drug Co.
